

# Grove Road Primary School

Tuesday 31<sup>st</sup> January 2017

## ELECTION OF A PARENT GOVERNOR AT Grove Road Primary School

### Personal Statements

#### **Mr Nicholas Brown**

I am currently a Governor at Greenway School, Berkhamsted and was Vice-Chair of Governors at Ashlyns School in Berkhamsted. I have been responsible for Health & Safety, Premises and Finance. I am currently on the financial committee at Greenway. I own and run my own Building Surveying Business in Tring and would be keen to offer the Governing Body and School my knowledge and commitment. I'm also involved with education as an Associate Tutor at Plymouth University.

#### **Julian Cacchioli**

Nothing is more important for parents and the community than to provide the very best education for their children. I will bring passion, energy and 20+ years of international PR and communications experience to the team to ensure our school continues to improve in every area; challenging the children to be the best they can be by encouraging curiosity and a love of learning, emphasising the importance of physical education and instilling a sense of fairness, tolerance and respect.

#### **Victoria Jeffery**

I'm Vicki and have lived in Tring for 30 years attending Tring schools. I am a qualified primary teacher with 14 years mainstream and SEN experience and currently have a daughter in Nursery. As a governor, I would want to represent the interests of all parents and help promote this wonderful school. I have wide experience with the curriculum generally, SEN specifically plus knowledge of management, personnel and leadership. I have also been a teacher governor at my school.

#### **Andrew King**

I am a qualified solicitor, practising since 2008. Following promotion to partner in 2011, I have been responsible for IT, HR and Marketing. In 2013, I oversaw a project which rebranded the firm. I am now a 50% owner and am heavily involved in the finances of the Company, and strategising for our future. I have lived in Tring since 2010. Our roots are now settled and I look forward to supporting the school that my child attends.

#### **Jim Poulton**

I am a parent of 3 children at Grove. I believe Grove should achieve high outcomes in academic tests but also in children's cultural development and wellbeing. I'd be glad to do what I can to help. My day to day work involves making or supporting decisions in resource allocation. I spent a year as a teaching assistant in the past. I believe my skills could be useful to Grove and I have the interests of the kids at heart.
