

Grove Road Primary School

Friday 24th February 2017

Dear Parents and Carers,

Year 1 would like to invite you to a D&T afternoon on Thursday 16th March.

Throughout this term Year 1 have been learning all about inventors and explorers. The children have been looking closely at what makes a good inventor and have even designed and made their own parachutes.

Due to the success and well thought out designs of the children's parachutes, Year 1 would like to share their expertise on design and inventing with you.

The project that we have in mind, is linked closely to our English curriculum planning. As you know the children have been learning about dragons and what could be better than inventing, designing and making your very own dragon!

There are a few things that we ask. Please bring in as much junk modelling equipment as you feel will be necessary. As well as any items that you would like to decorate your dragon with. Although this is not a competition there may be small prizes for the most creative and well-designed dragons.

Please be ready to start designing and building by 1:30pm

We would love you to come and visit! Please let us know on the reply slip below by **Wednesday 8th March** if you are able to visit our D&T afternoon on the above date.

We look forward to see you there!

Everyone in Year One

Please indicate below if you can attend and how many people you will be bringing (maximum two per child).

Name of child: _____

Number of adults attending: _____
