

**Congratulations to Ella Orchard from Grove Road Primary School, who is this year's winner of the 'Design a Light' competition.**

Every Christmas Tring Together organises a competition where children from the local primary schools (Wigginton, Aldbury, Long Marston, Bishop Wood, Dundale and Grove Road) get the chance to design a Christmas light. All the designs are sent in, and judged by a panel which includes representatives from Tring Together, Harpenden Building Society who sponsor the competition, as well as Light Designers who will ultimately turn the winning design into a Christmas light.

Ella's beautiful heart design was transformed into a stunning Christmas light, and can be seen as part of the Christmas light display in Tring High Street, outside the church. This design was picked from more than 130 designs, so very well done to Ella!
