

Grove's Got Talent

There has been an array of musical talent on show at Grove Road Primary School recently. The year 3 & 4 production of Matilda was superbly received by parents and pupils alike, and tremendous fun for the children to take part in. They and the teachers worked tirelessly to put together a show that would do them proud, and on the night, their energy and enjoyment was infectious.

As if that wasn't enough, pupils threw themselves into 'Grove's Got Talent', an opportunity for pupils to perform to their peers, and ultimately be selected for a Talent Show Final in front of parents. Performances varied from musical instrumentalists, bands and singers, to individual dancers, dance groups and joke-telling. The children showed no trace of nerves as they delivered their well-rehearsed numbers and wowed everyone with their confidence and talent.

Katie Carter, year 3 teacher and Curriculum Enrichment leader at Grove Road, commented:

"It is always refreshing to do something a bit different, and the children grasped the opportunity to showcase their talents with gusto. Self-belief is one of the leaves on the school 'value tree' and this value

was demonstrated beautifully by the children when they performed.

We are very proud of them".
