For the past few years, the sporting calendar has been kicked off by the Cross Country event at Tring School. This year, 60 willing runners represented Grove Road fantastically. Will Selby claimed gold in the Year 5 & 6 race, with Finley Lyons and Millie Weller claiming silver in the Year 1, 2, 3 & 4 races. The course was quite tough and the children showed great resilience throughout the event.

In October, Year 5 went to Kings Langley for a TAG rugby tournament. With a great effort from everyone in the squad we came through with a 5-4 win. We thoroughly enjoyed the tournament and there was great team spirit shown by all.

On the 28th of November, we also took 20 children from Years 1 and 2 to take part in a Tring Multi-Skills event where the children demonstrated fantastic agility, speed, strength and team work when competing across a wide range of activities. While we are yet to receive the final points tally, the children performed admirably and should be very proud of their efforts.

For the second year in a row at Grove Road, we have entered a girls football team into the Dacorum School Sports Network league. Having played one game so far, they are beginning to work well as a team, with many wanting to practise at lunchtime with the Sports Captains. We have also kicked off the year with the boys showing great potential. The team has demonstrated great skill and technique during both matches. We have high expectations for both teams in upcoming fixtures.
